FOREWORD

Another class graduates; another class leaves the old familiar halls of Muskie High. We shall always remember the many eventful happenings which took place during our high school years. Although our stay was shortened by the installation of the new three-year junior high program, we, too, like previous classes, soon grew to be an important part of Muskie High.

Our first day at high school was perhaps a very memorable one to all of us—jammed lockers, crowded halls, upperclassmen, strange teachers, and the feeling of being completely "alone." Soon organization developed and class elections provided unity. We became one class—the class of '65.

Our junior year, a favorite for many, was highlighted by the enthusiasm aroused during the basketball season. Football games, Homecoming, Junior-Senior, and many other school events accented the '63-'64 school year.

Finally we reached our goal—graduation. How quickly our last year seemed to pass. Memories of our trip to Des Moines, senior pictures, coronation of our Homecoming Queen, pep assemblies, and whitewashing will long be remembered by all.

It is the sincere wish of all that this annual will help in many ways to recall those cherished moments of our high school years.

After graduation Bill plans to attend S. U. I. or I. S. U.

Representative Boy and Girl

HELEN BAMFORD STUDIO

Joe Wathan received the honor of being chosen as this year's Representative Boy. His activities were 4-H, F. F. A., and 4-H Leadership Club. He also participated in extemporaneous speaking contests and was on the parliamentary procedure team. Joe, who served as an officer in F. F. A. for two years, was also a 3-point senior. His strong leadership and active participation make him a worthy recipient of this honor.

Chosen as Representative Girl was Sally Smith. Sally has been President of her sophomore class, Vice-President of her junior class, and Treasurer of her senior class. Being a 3-point senior, Junior-Varsity cheerleader, and National Honor Society member are a few more honors she has received. Sally was also president of Student Council this year and a candidate for Homecoming Queen.

Homecoming Queen and Court

HELEN BAMFORD STUDIO

A very impressive crowning of this year's Homecoming Queen took place Friday afternoon in the auditorium. Amidst dimmed lights, Judy Hall was crowned by Linda Watters, our 1963 Queen. Immediately after the crowning the traditional Homecoming parade took place. Judy presided over this and the Homecoming dance following the game held that night. The Queen and her court are, clockwise, from left to right: Judy Hall (Queen), Sally Smith, Beth Bollinger, Dixie Bruner, and Connie McConnaha.

Gridiron Season

The 1964 Muskies earned a well fought 2-6 record this year. The only poor showing was a 30-0 loss to Fairfield after which the Muskies defeated Fort Madison 13-7. They then lost three games in a row against Ottumwa 7-13, Keokuk 13-26, and Burlington 19-34. They bounced back to defeat Washington 14-13. Finishing losses to Bettendorf 14-27 and Assumption 12-27 ended the season on a sour note. The Muskies were outweighed by every team they played and seemed to lack continuous drive. Opponents scored seven of their touchdowns on fourth down. The Muskies lost the ball fourteen times within 32 yards of the goal. The Muskies were also plagued by first string injuries. Statistics, however, cannot show the efforts and sportsmanship that Muskie fans witnessed all season.

Hardcourt History

The Muskies finished the 1964-1965 basketball season with an admirable 13-6 record, earning second in the Little Six. The Muskies won the opening two games before losing three straight. They finished the regular season with 11 out of 13, losing only to Iowa City Regina and to Keokuk, conference champs. The Muskies were touched out by Davenport Central in the opening tournament game, 48-50.

The team was well-balanced for scoring and strong defense. Ron Axel scored the highest point average (16.1) which was followed by Denny Garvin (11.2) and Denny Terry (10.6). Ron also led in rebounds (236), followed by Jerry Peniston (136). Jerry was a key defensive man and was often given the toughest assignment. Denny Terry led free throw percentage with a whopping 83 per cent. Rounding out the leaders was Denny Garvin who hit 45 per cent from the field. These boys were backed by a team of boys with stern determination and honest desire. Muskie fans had a team to be proud of.

JI IN KIM

Dear Friends:

When I think we are almost finishing the school year, I still can't believe that I am in the United States, speaking more or less English, attending a North American school, living with a family, and having the most wonderful time. Looks like I am dreaming. All Muscatine is part of my dreams: the school, the teachers, you my friends, everybody here. Everybody is so nice, kind and helpful to me that I am sure I won't forget you like I won't forget the football and basketball games when with everybody, proud of being a Muskie, I shouted, "Go Muskie Go." . . . But now, even if it is sad, I have to start thinking that pretty soon my dreams are going to end; so, before that happens I want to thank you for all the things you did to make my dream the most beautiful one, and to make this the happiest of my life. I want to especially thank my teachers, Mrs. Fogarty, Miss Jericho, Miss McCandless, Mrs. Lupton, Mrs. Buckles, Miss Offerman, and Mr. Ager (making us shake in every quiz or test with his "elaboraded" questions), also to Miss Downer and Miss Miller for taking me to concerts, and Mr. Messenger always making me feel good, with his "don't worry about your grades." Thanks very, very much to everybody again, and thank you for trying to understand my poor English. You will always have a special place in my heart, and I hope you don't forget too soon the girl who never saw snow before.

Love,

MARIA

Paraguayan MUSKIE

Dear Muskie Friends:

I think this year will be the most unforgettable year in my life. Now that it is time to write for the Yearbook, I realize how close the time of parting is and what it will mean to me to leave all my favorite friends.

Your smiles, the sharing of your friendship, understanding and love, studying in the same class, drinking at the same fountain has made every one of you very important to me.

I remember the first day at school—everything was so strange and different that I felt lost, was doubtful of where I belonged, and was a little frightened. But how lucky I am! All of you helped me, and I was very grateful. "Can I help you?" It is so friendly and sweet that it never leaves my ears. I want to express my sincere gratitude to our principal, Mr. Messenger, who seemed like my young, favorite grandfather, all of the teachers, and all of the students who helped me in so many ways.

I enjoyed every class, activity, and ball game, especially basketball. I was especially impressed by Bavash. I enjoyed participating in this very much and think it is one of the most wonderful student programs I have ever seen.

I learned many things from you since I came here. I want to go home and share this knowledge with my people.

I sadly regret my limited time in Muscatine High School, but I hope that someday we will meet again as the rivers meet in the sea with each other.

Sincerely yours,

JI IN
